[Narrating The Past Fiction And](#)

Narration is the use of a written or spoken commentary to convey a story to an audience. Narration is conveyed by a narrator: a specific person or unspecified literary voice, developed by the creator of the story, to deliver information to the audience, particularly about the plot (the series of events). Narration is a required element of all written stories (novels, short stories, poems ...

And you don't want to do anything to pull the reader from the fiction. This practice of switching verb tense only when using italics is a suggestion, not a hard rule. You've got options, and if you can make your story work by mixing present tense in your viewpoint character's thoughts with past tense in that same character's actions and do so without the visual aid of italics, try it ...
